Description

An elegant and expansive contemporary gas fire

{mp4}Global_70XT_BF{/mp4}

The DRU Global 70XT BF is an elegant and expansive balanced flue gas fire that is designed to be the centrepiece of any living room.

Whether or not your home has a chimney, this glass-fronted masterpiece is easy to install

and will give many years of warmth and comfort. With its exclusive Truflame Burner® it generates beautiful high flames with an impressive glow.

And there are various interiors available, so that the fire can be configured as desired. A ceraglass interior, for example, ensures a beautiful reflection of the flames.

A traditional or modern fire surround completes the picture and this stunning model, which is operated with electronic remote control, runs economically with both natural gas or LPG.
